

This is to certify that  
**webree.com Limited**

Cumberland Gate Portsmouth PO5 1AG United Kingdom

Has been assessed  
by Peter Child for IT Governance Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Development, hosting and management of web based services and websites, based on proprietary platform XPOR.

Certification date: November 30th, 2017

Recommended re-assessment date: **November 29th, 2018**

Certificate no.: 0204293092527913

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
